MICHAEL ARAM ORCHID

Winner of Interior Design's 2017 Best of Year Award and Hospitality Design Magazine's 2018 HD Award for Surfaces. Born of a collaboration with homeware and jewelry designer Michael Aram, Orchid Dimensional's realistic carved flowers festoon a smooth background of polished white or black marble. Inspired by Michael Aram's original Orchid Collection, this groundbreaking design utilizes a variety of techniques for an intricate and elegant mosaic tile. Orchid is stocked in black and white in its original carved dimensional style, and in a flat design that extends its use to floors and other surfaces.

VITRUVIUS

With echoes of Leonardo DaVinci's famous "Vitruvian Man", the Vitruvius pattern models the ancient Roman architect Vitruvius' description of perfect proportions in architecture and the human body. Vitruvius, part of our SPQR collection of stone mosaics, follows the golden rules of Vitruvian architecture: *firmatis* (durability), *utilitas* (utility) and *venustatis* (beauty). Its circular pattern reads as one circle overlapping another, which overlaps another, and so forth, similar to DaVinci's drawing of the multi-limbed man. The result is an intricate, fluid, and visually stimulating pattern with origins in classic Roman aesthetics, updated for a modern palette. Stocked in three sophisticated colorways, each crafted with carefully selected natural stones.

Re: *Notice of Copyright Infringement - Cease and Desist*

Dear Mr. Cohen and Ms. Brisneo:

This law firm represents Artistic Tile, Inc. (“Artistic Tile”) in connection with its intellectual property rights. As you may be aware, Artistic Tile is a leading authority in the manufacturing, importing and distribution of luxury tile and stone throughout the United States. Artistic Tile, esteemed in the industry for its hand carved mosaics and other proprietary stone, marble and glass designs, spends substantial resources in developing and protecting its unique proprietary designs. Among those designs are the Michael Aram for Artistic Tile, Orchid Pattern (“Orchid”), a revered and highly recognized design that is the recipient of both the Interior Design’s 201 Best of Year Award and Hospitality Design Magazines 2018 HD Award. Orchid is a one-of-a-kind, dimensional hand carved mosaic. Another of Artistic Tile’s highly sought-after designs is Vitruvius, an ornate and intricate stone mosaic. Both Orchid and Vitruvius are protected under the copyright laws of the United States, bearing U.S. Copyright Registration Numbers VA 2-082-267 and VA 2-183-382, respectively. We are further aware that Raphael Stone is also infringing upon another of Artistic Tile’s proprietary designs, protected under common law and

known as Duomo. Copies of Artistic Tile's copyright protected patterns are attached hereto as **Exhibit "A"**.

It has recently come to our attention, that Raphael Stone Design LLC and Raphael Stone Collection Inc. (hereinafter collectively "Raphael Stone") are selling products that are identical versions of Artistic Tile's copyright protected designs, among which include imitation knock offs of Orchid, Vitruvius and also Artistic Tile's Duomo, a proprietary water jet mosaic protected under common law (hereinafter the "Infringing Designs"). It appears that Raphael Stone's Infringing Designs are known as "Orchidea," "Vitruvius" and "Triangolo," respectively. Copies of Raphael Stone's Infringing Designs and corresponding photographs are attached hereto as **Exhibit "B"**. Artistic Tile's representatives have located the Infringing Designs at various showrooms throughout the United States. A comparison of the Infringing Designs demonstrably shows *not only* that they are substantially similar to Artistic Tile's copyright protected patterns, but also that Raphael Stone's versions are unmistakable copies, intended to purposefully mislead consumers, thus causing substantial harm to Artistic Tile.

Accordingly, Artistic Tile demands that Raphael Stone immediately cease and desist from any further conduct as it relates to the importation, distribution, copying, promoting, advertising and sale of the Infringing Designs. In this regard, Artistic Tile further demands that Raphael Stone provide, at minimum, the following:

- (1) an exhaustive list of all entities to whom Raphael Stone sent product samples of the Infringing Designs;
- (2) a list of all entities to whom Raphael Stone sent a price list for the Infringing Designs;
- (3) a list of all trade persons or entities to whom promotional materials have been sent which includes the Infringing Designs or any designs that are substantially similar;
- (4) an account of all gross revenues generated in connection with the use, sale or offer for sale of the Infringing Designs to also include the entities that purchased the Infringing Designs;
- (5) the name and address of the manufacturer that sourced the Infringing Designs to you, as well as the name and address of any agents involved; and
- (6) copies of all invoices and commercial bills of sale.

Raphael Stone must further immediately remove the Infringing Designs from its any of its websites, as well as all other electronic mediums and social media, to include but not be limited to Instagram, Facebook, Houzz, and Wayfair.com. Lastly, Artistic Tile demands that Raphael Stone destroy all current inventory and stock of the Infringing Designs and provide proof of same to this office.

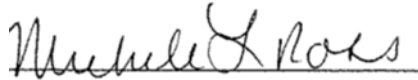

Please be advised that Raphael Stone's failure to take such actions as demanded herein and discontinue all unauthorized use of Artistic Tile's copyrighted materials pursuant to the aforementioned, as well as delivering documentation confirming same to this office, **within ten (10) business days**, will constitute, to the extent it does not already, intentional copyright infringement.

Artistic Tile has invested substantial time and money in obtaining copyright protection and preserving its proprietary rights for a number of its original works, including the Orchid and Vitruvius patterns, and will vigorously prosecute against any infringing entities. Accordingly, you should be aware that Artistic Tile registers all of its copyright protected designs with U.S. Customs and Border Protections to deter infringers. As such, Artistic Tile will not hesitate to contact U.S. Customs and Border Protections and alert them to Raphael Stone's illegal purchase and importation of those counterfeit goods infringing upon Artistic Tile's copyright protected proprietary designs, thereby facilitating seizure and forfeiture authority for any items in violation of Artistic Tile's registered copyrights pursuant to 19 U.S.C. §1595(a)(2)(C).

Nothing in this letter shall constitute a waiver or limitation of any rights to which Artistic Tile may otherwise be entitled. I strongly encourage you to contact me at your earliest convenience to discuss this matter, as we have been instructed by our client to take immediate legal action.

Please be guided accordingly.

Very truly yours,
